DIVISION OF
OIL GAS & MINING

Dear Mr. Blakemore:

I am writing regarding your proposal to add an entrance to the Bay City Mine tunnel. My office has not received from you a response to my letter dated November 4, 1992. Also, the Utah Department of Natural Resources, Division of Oil, Gas, and Mining, has not notified my office that they have received a reply to their letter of December 21, 1992, nor has the Salt Lake City Department of Public Utilities informed my office that you have replied to their letter of January 14, 1993.

All three of these letters request detailed information about your proposal and its likely effects on the environment. In previous correspondence you indicated a desire to proceed as quickly as possible, but without the requested information, we cannot evaluate your proposal and Special Use Permit application. I am therefore placing your application on hold.

You may reactivate your proposal and application by supplying the information requested by my office, the Division of Oil, Gas, and Mining, and the Salt Lake City Department of Public Utilities.

Sincerely,

Barbara Schuster
